TC - Text Compiler

ActuallyFro

Summer 2016

Contents

Chapter 1

TC - Text Compiler

This is just a glorified grouping of aliases I want to use with some combination of Latex, Markdown, and Pandoc.

Supported Output Types

- [WIP] PDF
- [TODO] HTML
- [TODO] PPTX
- [TODO] DOCX

PDF "Options"

Pandoc is leveraged to build the input (presumably a markdown or Latex file) to pdf.

Bibtex Support

Fake Entry[[1]]

CSL Style Sheet support

Formatting - Table of Contents

Formatting - Margins

Formatting - Black URL/Refeference links

TL;DR

I'm lazy; this builds things from text...
